Dear League Bowler,

Below are the very important team captain meetings & start dates. It is imperative that a designated captain for every returning team attends their league meeting to determine if you have holes to fill. We have had interest and calls from new individuals looking to join our current leagues. **Designated captains please contact your teammates before your meeting so we can have accurate numbers of available spots on each league.** If you know of any new bowlers or teams that are looking to join, please let me know or have them call Tracy so we can get the information out to them! If you need contact info for teammates please contact Tracy at Incline Station (218)722-2695 or on her cell at (218)343-2441.
